Don,

Joyce and I just spoke about your email. She said that the Town is out of budget for this process. I have been working for free for the majority of 2009 in order to help the Town honor their contract with you and to try to ensure that the Town is happy with their comp plan. However, another six months of meetings + making revisions is a really a large time commitment considering I've gone above and beyond my required scope of services. Is there a way that we could streamline my commitment?

Danna

Joyce,

The board needs to work with Civil Resources to in developing the Land Use Code at a regular work session at least monthly.

I need to see the schedule of work sessions. Also, I will need an email requesting an extension from the mayor pro temp ASAP.

Sounds like you have made good progress.

Don,

We had to postpone the 14th meeting due to a water leak so at our meeting last night we set up an outside committee with me as the chair, Joyce Taylor 970-590-5141; jttreasures@msn.com.

The group that signed up is dedicated and will most likely be there until the end. We will start 1-26-10 and meet a minimum of every other Tuesday @ 7 PM.

Our hope is to have something to Civil Resources by June so they have time to come up with suggestions, get it back to us to present to the public and for the board to make a final decision in time to get it back to you in September.

If you need anything else please let me know ASAP so I can collect that info also. Since this is time sensitive please let me know ASAP so I can get this in the mail to you today to meet our 1-21-10 deadline if need be.

Any and all of you are welcome to come to the meetings and we'd appreciate the input.

We had a very productive meeting last night and got through about 10 or more tough things in a timely fashion. I've been looking forward to a meeting like that for 16 months. Makes me feel like we can finally get good things accomplished for the town of Nunn.

My hope is that this is what you needed from us to grant the extension to September.

Please let me know ASAP if you need anything more.

Trustee Joyce Taylor
